Etsy Listing Kit for Crochet Pattern Sellers

Write titles, tags and descriptions that fit Etsy's limits — with five complete listings you can copy.

How to use this kit

This kit is built for one job: getting a crochet pattern listing published with copy that fits inside Etsy's character limits and gives the algorithm the most to work with.

Work through it in order the first time. After that, jump straight to Chapter 4 and copy a listing.

Chapter	Use it when
---	---
1 · Tags	You're filling in the 13 tag boxes
2 · Titles	You're writing the 140-character title
3 · Descriptions	You're writing the listing body
4 · Five complete listings	You want to copy a finished listing
5 · What to charge	You're setting a price
6 · Before you publish	You're about to hit Publish

The three numbers that matter

Field	Etsy's limit	Why it matters
---	---	---
Title	140 characters	Etsy weights the first 40 characters most heavily, and mobile cuts titles off at about 45–55
Tags	13 tags of 20 characters	Each tag is an independent chance to match a buyer search. An empty slot is a search you never appear in
Description	10,000 characters	Only the first 160 characters show before "read more"

The whole kit in eight rules

1. A tag is 20 characters maximum. Spaces and punctuation count.
2. Use all 13 tags. There is no penalty for filling every slot.
3. Multi-word phrases only. A single word like `art` or `plaid` is too broad to ever rank.
4. Never repeat a tag. Etsy already reads the words across your tags and mixes them.
5. Cover five angles: what it is, a synonym, style, occasion, audience.
6. Don't spend tags on your category or attributes. Those already act like tags.

7. Title: primary keyword in the first 40 characters.
8. Description: the first 160 characters say what it is and who it's for.

Chapter 1 · Tags — the 20-character rule

The rule

13 tags per listing. 20 characters per tag. Spaces and punctuation count.

Etsy's tag field simply refuses anything past 20 characters, so an over-long tag is a tag you cannot use at all.

What counts as a character

Character	Counts	Example
---	:--:	---
Letters	Yes	boho = 4
Spaces	Yes	crochet tree = 12
Hyphens	Yes	no-sew = 6
Amperstands	Yes	art & decor = 11
Numbers	Yes	planner 2026 = 12

Rule of thumb: 20 characters is roughly two to four short words.

Multi-word beats single-word

Weak tag	Why it fails	Strong replacement
---	---	---
art	Far too broad	crochet tree
pattern	Drowns in competition	crochet pattern
gift	No purchase intent	gift for crocheters
christmas	One word, no intent	christmas decor
uk	Not a search phrase	uk crochet terms

Buyers search in phrases, so tags should be phrases.

The split technique

When a phrase is longer than 20 characters, split it into two tags instead of mangling it. Etsy recombines words across your tags, so you keep the full meaning.

Too long	Chars	Becomes	Plus
---	:--:	---	---
crochet christmas tree pattern	30	crochet pattern (15)	christmas tree (14)
no sew crochet pattern pdf	25	no sew pattern (14)	crochet pattern (15)

Too long	Chars	Becomes	Plus
crochet tree skirt pattern	25	tree skirt (10)	crochet pattern (15)
christmas ornament crochet	25	crochet ornament (15)	christmas ornament (17)
uk and us crochet terms	23	uk crochet terms (16)	us crochet terms (16)

The five-angle framework

Angle	Slots	Question it answers	Example
---	---	---	---
What it is	3–4	What did the buyer just find?	crochet wreath
Synonym	2–3	What else is it called?	christmas decor
Style	2–3	How does it look?	farmhouse christmas
Occasion	2–3	When or why is it bought?	front door decor
Audience	1–2	Who is it for?	gift for crocheters

Don't waste a slot

Skip it	Because
---	---
Words already in your category	Etsy treats the category and every parent category as tags already
Words already in your attributes	Colour, material, occasion and style attributes act as tags too
Exact copies of your title	Partial overlap is fine; exact duplication adds nothing
Your shop name	Nobody searches it, and it costs you a slot
Comma-stuffed tags	One tag field is one phrase. `art, print, poster` is one broken tag, not three

Crochet tag bank

Mix these in to make a generic set specific to your pattern. Every one is 20 characters or fewer.

Style	Technique	Occasion
---	---	---
boho crochet	bobble stitch	gift for her
farmhouse decor	no sew	housewarming
scandinavian	granny square	baby shower
vintage style	puff stitch	stocking stuffer

Style	Technique	Occasion
minimalist	tapestry	wedding gift
rustic decor	mosaic	christmas decor

Yarn & format	Audience
---	---
chunky yarn	beginner
dk yarn	market prep
worsted yarn	craft fair
cotton yarn	gift for crocheters
uk crochet terms	small business
instant download	quick crochet

Chapter 2 · Titles — 140 characters

The rules

Rule	Detail
---	---
Hard limit	140 characters
Front-load	Your strongest keyword belongs in the first 40 characters
Visible on mobile	Only the first 45–55 characters show in search results
Separators	Use a comma or a vertical bar between phrases so it scans in half a second
Casing	Title Case reads better in search results
Don't	Start with your shop name, or stuff one keyword five times

Fill-in formulas

Formula	Best for
---	---
`[Keyword] Crochet Pattern PDF, [Feature], [Use], US + UK Terms, Instant Download`	Any pattern
`Christmas [Item] Crochet Pattern, [Feature], [Size or Time], US + UK Terms, Instant Download`	Seasonal makes
`Crochet [Item] Pattern, [Technique] [Item], [Sizes] Included, US + UK Terms, Instant Download`	Multi-size patterns

Weak vs strong

Weak title	Why it fails	Strong version
---	---	---
Crochet Pattern	Vague, wastes the 140 characters	Christmas Tree Skirt Crochet Pattern PDF, Bobble Snowflake, 3 Sizes, US + UK Terms
Cute Gnome	No format, no buyer intent	Christmas Gnome Crochet Pattern PDF, No-Sew One-Piece Amigurumi, US + UK Terms
Wreath Pattern	Not how buyers search	Christmas Wreath Crochet Pattern PDF, Interchangeable Poinsettia Snowflake Bow
Christmas Stuff	No product type at all	Christmas Ornament Crochet Pattern PDF, Bauble Star Snowflake, US + UK Terms

Five copy-paste titles

All five are inside the 140-character limit. The first 40 characters are what a mobile shopper sees.

Title	Chars
---	---

Chapter 3 · Descriptions

The two-job structure

The first 160 characters do the ranking. That is what shows before "read more", and it is read by Etsy search, Google and AI shopping assistants. It has to say what the product is and who it is for, in buyer language.

Everything after that does the selling — it answers the questions a buyer would otherwise message you about.

Section	Length	Job
---	---	---
Hook	160 chars	What it is plus who it is for
What you get	3–6 bullets	Files, sizes, formats
Skill level	2–4 lines	Who can make it, and what's explained
Materials	5–8 bullets	Yarn, hook, notions
Licence	2 lines	What the buyer may do with it
Safety	3–5 lines	The honest limits of the finished item
Care	2 lines	Cleaning and storage
FAQ	4–6 lines	Kill the top objections

What every crochet pattern listing must state

- File formats included, and that it is a digital PDF with nothing physical shipped
- Finished dimensions in centimetres and inches
- Yarn weights and amounts in grams
- Hook size, and the size that gives the right fabric
- Skill level and what the buyer needs to know already
- Whether the pattern is US terms, UK terms, or both
- Licence: what may be made, what may be sold, and the credit required
- Honest safety limits for the finished item
- Care instructions that match what you have actually tested

Chapter 4 · Five complete listings

Five finished listings for real crochet patterns, each with a verified title, a full 13-tag set and complete description copy. Copy one, then swap in your own product words.

Full description copy

Download the PDF and crochet a no-sew Christmas gnome this afternoon: a one-piece amigurumi pattern with a bobble nose, written in US and UK crochet terms.

This is a DIGITAL CROCHET PATTERN (PDF) – no finished gnome is shipped.

WHAT YOU GET

- One PDF pattern, instant download – start crocheting today
- Every round written in US terms AND the exact UK equivalent, side by side
- Round-by-round instructions with stitch counts for every round
- Finished size: about 11-12.5 cm (4.5-5 in) tall, 5 cm (2 in) wide at the base
- Size variations included: mini ornament (8-9 cm) and large decoration (15 cm)
- Five colourways to choose from: Santa red, Forest green, Nordic grey, Candy pink, Midnight navy
- Design Code NS 11 – (c) 2026 Novality Store

SKILL LEVEL: BEGINNER

If you can chain, slip stitch, single crochet, increase and decrease, you can make this. Everything else is explained step by step: the magic ring, working in a continuous spiral, the 5-dc bobble nose, clean colour changes, and the invisible decrease for a smooth hat. Make time is about 1-2 hours.

NO SEWING, NO ASSEMBLY

Body, beard, face and hat are worked as ONE continuous piece from the base up, with simple colour changes along the way. There are no pieces to seam and nothing to sew together at the end – only the final closing round.

MATERIALS NEEDED

- Worsted / aran (#4) yarn – body and hat 40-50 g in red or green
- White or fluffy white yarn for the beard – 10-15 g
- Skin-tone yarn – about 10 g
- 3.5 mm (US E-4) hook, or whatever size gives a dense fabric
- Fibre fill 20-30 g
- Stitch marker, tapestry needle, scissors
- Optional: 6-8 mm safety eyes, or dark yarn for embroidered eyes

HELPFUL EXTRAS IN THE PATTERN

Troubleshooting for slanting colour lines, a nose bobble that won't pop, and a gnome that tips over – plus optional finishes: a white hat brim, extra beard texture, and a hanging loop so it works as a tree ornament.

LICENCE

Make as many gnomes as you like for yourself, gifts or charity. You may also sell finished physical gnomes in small batches, in shops, markets and online, as long as credit is given to "Novality Store". The pattern itself may not be copied, shared, resold, translated or uploaded. Mass production requires written permission.

SAFETY

This is not a certified toy. No finished gnome has been shown by Novality Store to comply with ASTM F963, EN 71 or another toy-safety regime, so please do not market one as "baby-safe" or compliant. If you use plastic safety eyes, lock the washers from the inside before stuffing and closing. The maker or seller of the finished item is responsible for all market-specific assessment, testing, labelling and traceability.

CARE

Gentle surface clean with a damp cloth and dry flat away from heat. Reshape the hat and beard afterwards.

FAQ

Q: Is this a finished gnome?

A: No – this listing is for the digital PDF pattern only. Nothing physical ships.

Q: US or UK terms?

A: Both. Every round appears twice, US on the left and the UK equivalent on the right. Stitch counts are identical either way.

Q: Do I have to sew pieces together?

A: No. The whole gnome is one piece worked from the base up; there is no assembly.

Q: Can I sell the gnomes I make?

A: Yes, physical finished items in small batches, with credit to "Novality Store".

Q: I'm stuck on a round. Can you help?

A: Message me – I'm happy to talk you through it.

Happy crocheting. Tag your makes with #NovalityStore – I love seeing gnome gatherings.

Listing 2 · Bobble Christmas Tree

Full description copy

Download the PDF and crochet a soft bobble Christmas tree this weekend: a one-piece pattern with tiered bobbles, written in US and UK crochet terms.

This is a DIGITAL CROCHET PATTERN (PDF) – no finished tree is shipped.

WHAT YOU GET

- One PDF pattern, instant download – start crocheting today
- Every round written in US terms AND the exact UK equivalent, side by side
- Round-by-round instructions with stitch counts for all 26 rounds
- Finished size: about 12 cm (4.7 in) tall and 7 cm (2.8 in) wide in worsted / aran on a 4 mm hook
- Large version: about 15-16 cm tall in chunky yarn on a 5 mm hook
- Make a set of three: DK + 3 mm (~9 cm), worsted + 4 mm (~12 cm), chunky + 5 mm (~15-16 cm) – the stitch counts are identical at every hook size
- Optional contrast bobbles in red, gold or cream for a baubles-on-a-tree look
- Design Code NS 12 – (c) 2026 Novality Store

SKILL LEVEL: EASY - INTERMEDIATE

You should be comfortable with chain, slip stitch, single crochet, increase and decrease. The pattern explains the rest step by step: the magic ring, working in continuous rounds, the back-loop-only round that folds the base upward, the 5-dc bobble, and carrying a contrast colour for bauble bobbles. Make time is about 2-3 hours.

ONE PIECE – NO ASSEMBLY

The tree is worked from the base up in continuous rounds. A back-loop-only round creates a fold ridge so the base turns up into the cone wall, bobble tiers alternate with plain rounds, and a hidden decrease sits inside every bobble repeat so the cone tapers evenly and the bobble columns stay straight. Only the tip needs closing.

A TREE THAT STANDS ON ITS OWN

The cone holds its shape on tension, so this tree needs only a light fill – stuff the bottom half and keep the upper cone soft. An optional circle of firm felt or cardboard placed inside the base adds extra stability for shelf display (trace just inside the fold ridge and cut it 3-5 mm smaller).

MATERIALS NEEDED

- Worsted / aran (#4) yarn in green – 60-80 g

- Small amounts of contrast yarn for bauble bobbles (red, gold or cream)
- 4 mm (US G-6) hook – 3 mm for the DK mini, 5 mm for the chunky version
- Fibre fill about 25 g – a little only, this tree stands on tension
- Optional: one circle of firm felt or cardboard for the base disc
- Stitch marker, tapestry needle, scissors

COLOURWAYS

Fir green · Sage velvet · Snow white · Crimson berry · Gold-tipped

HELPFUL EXTRAS IN THE PATTERN

Troubleshooting for wandering bobble columns, a floppy tip and a base that won't sit flat – plus finishing options: contrast bobble tiers, a hanging loop at the tip, and how to work the set of three.

LICENCE

Make as many trees as you like for yourself, gifts or charity. You may also sell finished physical trees in small batches, in shops, markets and online, as long as credit is given to "Novality Store". The pattern itself may not be copied, shared, resold, translated or uploaded. Mass production requires written permission.

SAFETY

As written, the bobbles are crocheted into the fabric and the design uses no beads or glued decorations. Adding beads, bells or other embellishments can create detachable small parts, so do not add them without reassessing the finished item. No finished tree has been shown by Novality Store to comply with ASTM F963, EN 71 or another toy-safety regime – please do not market one as "baby-safe" or compliant. Stuff firmly and secure every yarn end.

CARE

Gentle surface clean with a damp cloth and dry upright away from heat. A tree containing a cardboard base disc is not washable – keep it dry.

FAQ

Q: Is this a finished tree?

A: No – this listing is for the digital PDF pattern only. Nothing physical ships.

Q: US or UK terms?

A: Both. Every round appears twice, US on the left and the UK equivalent on the right. Stitch counts are identical either way.

Q: Does it stand up by itself?

A: Yes. The cone holds its shape on tension with only a light fill, and the pattern includes an optional felt or cardboard base disc if you want extra stability.

Q: Can I make it bigger or smaller?

A: Yes – use chunky yarn on a 5 mm hook for a 15-16 cm tree, or DK on a 3 mm hook for a 9 cm mini. The stitch counts are the same at every size.

Q: Can I sell the trees I make?

A: Yes, physical finished items in small batches, with credit to "Novality Store".

Happy crocheting. Tag your makes with #NovalityStore – show us your forest.

Listing 3 · Christmas Ornament Bundle

Christmas Ornament Crochet Pattern PDF, 3 Quick Decorations, Bauble Star Snowflake, US + UK Terms, Instant Download

Suggested attributes: Occasion · Christmas. Skill level · Beginner. Format · PDF. Features · Instant download, three patterns, stash buster.

Full description copy

Download the PDF and crochet three quick Christmas ornaments from leftover yarn: a stuffed bauble, a blocked star and a lacy snowflake, in US and UK terms.

This is a DIGITAL CROCHET PATTERN (PDF) – no finished ornaments are shipped.

WHAT YOU GET

- One PDF containing THREE patterns: round bauble, five-point star, six-arm snowflake
- Every round written in US terms AND the exact UK equivalent, side by side
- Stitch counts for every round of all three designs
- Finished sizes: bauble about 3.5-4 cm (1.5 in) across, star about 9 cm (3.5 in), snowflake about 10 cm (4 in)
- Sizes scale with yarn – use DK for dainty tree ornaments, chunky for bold window pieces
- Design Code NS 13 – (c) 2026 Novality Store

TIME AND YARN PER PIECE

- Bauble – about 25 minutes, 8-10 g of yarn – tree ornament or garland
- Star – about 20 minutes, 6-8 g – gift topper or garland
- Snowflake – about 15 minutes, 4-6 g – window, gift tag or garland

Allow 15-40 minutes each including finishing; blocking and drying add elapsed time.

SKILL LEVEL: BEGINNER

You should be comfortable with chains, slip stitch, single crochet, increases and decreases. The pattern explains the rest step by step: the magic ring, the star's ch-2 fan points, working into chain spaces instead of individual chains, and how to block each piece so it holds its shape.

THREE DESIGNS, ONE GARLAND

Because all three are small and quick, they string neatly on one length of yarn – make a matching garland by repeating all three patterns along it.

MATERIALS NEEDED

- Small amounts (5-15 g) of worsted / aran or DK yarn in white, red, gold, green or silver. Cotton gives the crispest snowflake; acrylic works too.
- 3-4 mm hook (3 mm for DK, 4 mm for worsted)
- A pinch of fibre fill for the bauble; optional metallic yarn for surface stripes
- Tapestry needle, scissors, and a pin board or mat for blocking the star and snowflake

COLOURWAYS

Snow white · Classic red & white · Gold · Evergreen trio · Frost blue

HELPFUL EXTRAS IN THE PATTERN

Troubleshooting for a bauble that looks like a lemon, a star that won't lie flat and snowflake arms that lean – plus a two-colour bauble option, blocking guidance for cotton and acrylic, and a tip for threading each finished loop through a backing card for gifting.

LICENCE

Make as many ornaments as you like for yourself, gifts or charity. You may also sell finished physical ornaments in small batches, in shops, markets and online, as long as credit is given to "Novality Store". The pattern itself may not be copied, shared, resold, translated or uploaded. Mass production requires written permission.

SAFETY

These designs are intended as decorations, not toys. Keep them and their hanging loops out of children's reach, avoid beads, loose bells and glued additions, secure every loop twice, and make each loop only as long as needed for its intended support. No finished ornament has been shown by Novality Store to comply with ASTM F963, EN 71 or another product-safety regime, so please do not market one as compliant or suitable for children.

CARE AND STORAGE

Follow the yarn and metallic-thread labels. Test any cleaning method on a complete blocked sample first and check for dye transfer, distortion and weakened hanging loops once it is fully dry. Store the ornaments dry and flat or supported, without crushing the star or snowflake points. Reblock only with the fibre-appropriate method, and never apply an iron directly.

FAQ

Q: Is this a finished set of ornaments?

A: No – this listing is for the digital PDF pattern only. Nothing physical ships.

Q: US or UK terms?

A: Both. Every round appears twice, US on the left and the UK equivalent on the right. Stitch counts are identical either way.

Q: Do I have to block the star and snowflake?

A: Yes, blocking is what makes them crisp. Wet or mist cotton and pin every point. Acrylic often will not hold a shape from pins alone – if the yarn label permits, steam cautiously from above without letting the iron or steamer touch the fabric, and test a scrap first.

Q: Can I sell the ornaments I make?

A: Yes, physical finished items in small batches, with credit to "Novality Store".

Happy crocheting. Tag your makes with #NovalityStore – tag us in your trees and tables.

Listing 4 · Bobble Snowflake Tree Skirt

Full description copy

Download the PDF and crochet a bobble snowflake tree skirt: a flat twelve-spoke circle with a closed centre ring, in mini, standard and large – US and UK terms.

This is a DIGITAL CROCHET PATTERN (PDF) – no finished skirt is shipped.

WHAT YOU GET

- One PDF pattern, instant download – start today
- Every round written in US terms AND the exact UK equivalent, side by side
- Three sizes from one twelve-column formula:
 - Mini / tabletop – stop after R14 – 18-21 in (46-53 cm) across
 - Standard – stop after R23 – 29-33 in (74-84 cm) across
 - Large – stop after R32 – 38-43 in (97-109 cm) across
- A closed centre ring about 1.5-2 in unstretched, so the skirt slips over the stand before the tree goes up – start with ch 24 for a larger opening
- Scalloped border: 28 scallops at mini, 46 at standard, 64 at large – all three endings are divisible by 6, so the border closes cleanly at every size
- Optional contrast bobbles and 12 surface slip-stitch snowflake spokes
- Design Code NS 14 – (c) 2026 Novality Store

SKILL LEVEL: EASY - INTERMEDIATE

You should be comfortable with double crochet, joined rounds and chain spaces. The pattern explains the twelve-spoke maths – round N always ends at exactly 12 x N stitches – plus the 5-dc bobble, changing colour cleanly at a join, and surface slip-stitch spokes. Worked in closed rounds that are joined, never turned; the ch 2 at the start of a round never counts as a stitch.

WHY IT LIES FLAT

Twelve increase columns add 12 stitches every round, and every third round from R5 is a bobble round, so the bobbles bloom in regular rings as the circle grows. The pattern gives the exact count rule so you can verify or extend any round yourself.

MATERIALS NEEDED

- Worsted or aran (#4) yarn – 700-1,200 g for the standard or large skirt
- 5-5.5 mm hook
- Optional contrast yarn for the bobble rounds and surface lines
- Stitch marker, scissors, tapestry needle

COLOURWAYS

Forest & cream · Snow white & red scallops · Navy & silver · Single-colour cream

HELPFUL EXTRAS IN THE PATTERN

Troubleshooting for a skirt that ruffles like a lettuce leaf, one that cups like a bowl, and bobbles that will not pop – plus the count rule for adding rounds, and a reminder to measure the lying-flat skirt against your tree stand before committing to a border.

LICENCE

Make as many skirts as you like for yourself, gifts or charity. You may also sell finished physical skirts in small quantities, with credit to "Novality Store". The pattern itself may not be copied, shared, resold, translated or uploaded.

SAFETY

This design is intended as home decor, not a toy, and it is NOT FLAMEPROOF. Keep the finished skirt away from open flames, heaters and hot lamps, and use only cool-running lights that are approved for the tree and location. No finished skirt has been independently assessed by Novality Store for flammability or another product-safety requirement; the finished-item maker or seller is responsible for all market-specific assessment, testing, labelling and traceability duties before supply.

CARE AND STORAGE

Follow the actual yarn label. Before publishing any cleaning claim, wash and dry a full-size sample by the proposed method, then remeasure the diameter and centre opening and check for dye transfer, shrinkage, bobble distortion and stretched joins. Until that test passes, make no machine-wash or tumble-dry claim. Store completely dry and away from heat, flame, damp and pests; lay flat or roll rather than sharply creasing the bobble design.

FAQ

Q: Is this a finished tree skirt?

A: No – this listing is for the digital PDF pattern only. Nothing physical ships.

Q: US or UK terms?

A: Both. Every round appears twice, US on the left and the UK equivalent on the right. Stitch counts are identical either way.

Q: Which size should I make?

A: Mini for a tabletop tree, standard for most full-size trees, large for a wide or very full tree. Measure the lying-flat skirt against your stand before adding the border – yarn, hook and tension all change the diameter.

Q: Will the centre opening fit my stand?

A: The ring is about 1.5-2 in unstretched. If your stand is wider, start with ch 24 instead of ch 20 for a larger opening.

Q: Can I sell the skirts I make?

A: Yes, physical finished items in small quantities, with credit to "Novality Store".

Happy crocheting. Tag your makes with #NovalityStore – lay it under the tree, plug in the lights, and step back.

Full description copy

Download the PDF and crochet an interchangeable wreath: a padded tube ring with three removable decorations – a poinsettia, a snowflake or a bow – in US and UK terms.

This is a DIGITAL CROCHET PATTERN (PDF) – no finished wreath is shipped.

WHAT YOU GET

- One PDF pattern, instant download – start today
- Every round written in US terms AND the exact UK equivalent, side by side
- Three sizes, measured by TUBE LENGTH because round counts vary by gauge:
 - Mini ornament – 20-24 cm (8-9.5 in) tube – about 6.5-7.5 cm across
 - Standard door – 86-97 cm (34-38 in) tube – about 27-31 cm across
 - Large door – 119-132 cm (47-52 in) tube – about 38-42 cm across
- Three REMOVABLE decorations: poinsettia, lace snowflake and gift bow
- The centreline diameter is the tube length divided by 3.14; the finished outside diameter is one tube thickness larger, so measure your sample
- Design Code NS 15 – (c) 2026 Novality Store

SKILL LEVEL: BEGINNER

The tube is a constant 12 stitches – no increases, no decreases, round after round – so the only skill the base really needs is single crochet in a spiral. The pattern explains joining the tube end to end without twisting it, the snowflake arm, and the lark's-head tie that makes each decoration removable.

ONE WREATH, THREE SEASONS

Every decoration carries its own folded tie, anchored under at least two sturdy stitches on its back. Wrap the two tails in opposite directions around the tube and knot them at the back. Untie to swap a poinsettia for a snowflake or a bow – nothing is sewn permanently to the wreath, and no decoration has to be forced through its own attachment.

MATERIALS NEEDED

- Base: 150-200 g green worsted / aran (#4), 4 mm hook, fibre fill
- Decorations: small amounts of red, white, yellow and green yarn, optional metallic thread held with the snowflake yarn, 3.5-4 mm hook
- For a door wreath: a load-rated woven hanging cord or ribbon long enough to wrap twice around the full tube
- Stitch marker, scissors, tapestry needle

COLOURWAYS

Classic green & red · Winter white & gold · Berry wreath · Neutral farmhouse green

HELPFUL EXTRAS IN THE PATTERN

Troubleshooting for a tube that is stiff like a rope, a wreath that will not hold a circle, and poinsettia petals that cluster on one side – plus stuffing guidance (little and often, never at the end) and a mini 8-stitch ornament version.

LICENCE

Make as many wreaths as you like for yourself, gifts or charity. You may also sell finished physical wreaths in small quantities, with credit to "Novality Store". The pattern itself may not be copied, shared, resold, translated or uploaded.

SAFETY

This design is intended as home decor, not a toy. A stuffed wreath is heavier than it looks: hang it from a securely installed, load-rated hook using a load-rated woven cord or ribbon wrapped around the WHOLE tube, and do not rely on a suction cup or on a decoration tie to carry the weight. Do not add loose or glued embellishments anywhere children can reach, and keep the wreath away from open flames. No finished wreath or hanging system has been independently load-tested or assessed by Novality Store; the finished-item maker or seller is responsible for all market-specific assessment, documentation, labelling and traceability duties before supply.

CARE AND STORAGE

Follow the labels for every yarn, stuffing, metallic thread and hanging component used. Until a complete sample has been cleaned, dried, remeasured and inspected, recommend gentle surface cleaning only – make no machine-wash claim. Store fully dry, supported and uncompressed. Inspect the hanger, hook, tube seam and every tied decoration before each season and after severe weather.

FAQ

Q: Is this a finished wreath?

A: No – this listing is for the digital PDF pattern only. Nothing physical ships.

Q: US or UK terms?

A: Both. Every round appears twice, US on the left and the UK equivalent on the right. Stitch counts are identical either way.

Q: What size will fit my door?

A: Measure the tube, not the round count. The centreline diameter is the tube length divided by 3.14, and the finished outside diameter is one tube thickness larger. The standard door size uses an 86-97 cm tube.

Q: Do the decorations really come off?

A: Yes. Each one has its own tie knotted at the back of the wreath – untie it and swap to a different decoration, or hang the plain green ring on its own.

Q: Can I sell the wreaths I make?

A: Yes, physical finished items in small quantities, with credit to "Novality Store".
